## THE 19.95 METER BLUE WATER HUNTER

### VESSEL PRESENTATION

(Hatteras 65 sister ship shown above)

**This Hatteras 65 (The Blue Water Hunter)** was the most popular Sportfishing boat of her size ever built and a perfect run-about for Philippine waters.

At 19.95 meters (65-feet) in length, this best-seller features an enclosed flybridge, 3 cabins (1 Master, 2 guests), living room, galley, 2 heads, water heater, battery charger, balsa-cored hull sides, prop pockets to reduce draft, aft controls to assist with docking, and more.

In 2007 Blue Water Hunter was fitted with a new main engine (twin 1550HP CAT 30 diesel) and two new ONAN diesel gensets (110/220 volt – 1 phase 50Hz).

While Blue Water Hunter remains in exceptional operational order, she could use a bit of cosmetic care and would be the perfect choice for any owner who would like to refresh the look and feel of various interior areas to their own personal preference.

For further information on Blue Water Hunter or to arrange a viewing, please e-mail us at [sales@hys-yachts.com](mailto:sales@hys-yachts.com).
